

2018/19 VIUFA Vice President Report

It has been my pleasure to serve the membership in the role of Vice President. Aside from social media and communications duties, my main project this year was supporting bargaining. In the fall, I undertook the VIUFA bargaining survey. Thanks to the 378 members who took the time to tell the negotiating team what your priorities and thoughts are. These results directly informed the creation of our bargaining package and help guide our discussions at the table. This spring my main activities have been survey analysis and serving on the bargaining team.

Other activities undertaken in the VP role include:

- Attending Table Officers and Executive meetings
- Sat on the Non-Regular Professional Development Fund committee
- Adjudicated the VIUFA Community Engagement Awards, two \$1000 awards for students

Thank you for the opportunity to serve.

Respectfully Submitted,
Kathleen Reed
